

My life changed at the drag race
When you were just 19
When I won you teased
That you could do it better than me
You got in the car and man
Was I surprised to see
Oh you had me beat
Little did I know you were the one for me

Stacy, oh you're irreplaceable
You're the prettiest girl in the room
And everyone knows it but you
We gave our trust, respect was earned
And then we let love grow
Oh, Stacy you're irreplaceable

Oh we've had our ups and downs
But our love always wins
And after 20 years
All I want's a hundred more years of this
Yeah I can't wait til tomorrow when
I get to love you more
Oh I hope you know
You're all I could ever ask for

Stacy, oh you're irreplaceable
You're the prettiest girl in the room
And everyone knows it but you
We gave our trust, respect was earned
And then we let love grow
Oh, Stacy you're irreplaceable

Whatever you need baby
I'll be right there beside you
Oh it's you and me
How lucky was I to find you

Stacy, oh you're irreplaceable
You're the prettiest girl in the room
And everyone knows it but you
We gave our trust , respect was earned
And then we let love grow
Oh, Stacy you're irreplaceable
