

45 AND A DAY

The way that you love me
Is almost too much to explain
Cause how do I say
That you're the reason
I want to live all my days
When I met you
By chance
Who knew I'd wanna hold your hand
Until my dying day

I want 45 and a day
I don't want it any other way Amanda
Life's so much better with you in it
When I've got you and my family
I've got everything
I couldn't ask for anything more
Than 45 and a day

You had four kids
And so did I
But we didn't even bat an eye
Cause the connection we had
Was something so strong
The greatest
I love all that we've built together
And I can't wait for so many more years

I want 45 and a day
I don't want it any other way Amanda
Life's so much better with you in it
When I've got you and my family
I've got everything
I couldn't ask for anything more
Than 45 and a day
